Inside you'll find 80 pages of 70# "Bright White" paper Gregg-ruled with a fine, soy-based application of "Double Knee Duck Canvas" light brown ink. The covers are Newark Paperboard Mills 60 pt. "Super Duty Chipboard," with a screen-printed 1-Color application of "Dictation Smudge" black ink. The inside covers provide a range of useful information from the history of stenography and an abbreviations guide, to temperature conversions, planetary distances from the sun, a hobo symbol quick reference guide and more. Frankly, we wonder how we ever got by without one open on our desks at all times.
